.

Pharmacy Students industrial visit to Hetero Drugs Limited.

An industrial exposure provides a lifelong learning experience and increases the practical skills of the students. Guru Nanak Institutions, Ibrahimpatnam has always strived to bridge the gap between the regular curriculum and the real time experience by providing students the opportunity to visit various industries under the guidance of the experienced faculty. This time the IV -I & M.Pharm (Pharmaceutics) students of School of Pharmacy – GNITC along with Mr. Jitendra Debata & Mrs. Saraswathi teaching staff visited Hetero Drugs Limited, located at Jeedimetla, Medak District of telangana on September 2019. Hetero Drugs Limited is one of the well established companies in Hyderabad. The main objective of this industry is to Hetero focuses on the development, manufacturing and commercialization of high-quality therapeutic products. Hetero is also a world leader in the development and manufacturing of finished formulations with a wide portfolio of more than 200 products across various therapeutic categories such as HIV/AIDS, Oncology, Cardiovascular, Neurology. The idea behind visiting a drugs industry was to make students aware about development and manufacturing of therapeutic products. The students felt elated after visiting the facility and conveyed thanks to the management of Guru Nanak Institutions for organizing such knowledgeable industrial visits.

Pharmacy Students industrial visit to Suryavanshi Packaging Industries

An industrial exposure provides a lifelong learning experience and increases the practical skills of the students. Guru Nanak Institutions , Ibrahimpatanam has always strived to bridge the gap between the regular curriculum and the real time experience by providing students the opportunity to visit various industries under the guidance of the experienced faculty. This time the IV –I & M.Pharm (Pharmaceutical Analysis & Quality Assurance) students of School of Pharmacy – GNITC along with Mr. Himansu Bhusan Samal & Mr. Dhiraj Kumar teaching staff visited Suryavanshi Packaging Industries, located at Jeedimetla, Medak District of Andhra Pradesh on 15-09-2013. Suryavanshi Packaging Industries is one of the well established companies in Hyderabad. The main objective of this industry is to design, prepare & evaluate various secondary packaging materials (Corrugated Box). The Idea behind visiting a packaging industry was to make students aware about secondary packaging, different evaluation tests for packaging materials such as thickness, GSM, bursting factor, bursting strength etc. The students felt elated after visiting the facility and conveyed thanks to the management of Guru Nanak Institutions for organizing such knowledgeable industrial visits.

S. Mukesh
M.Pharm (Pharmaceutical Analysis & Quality assurance)

Evaluation of Packaging materials is a part of MPAT syllabus as per JNTUH Curriculum. Practically viewing the equipments for evaluation of secondary packaging such as GSM, Bursting Factors & strength is unbelievable.

S. Pallavi
B.Pharm

We enjoyed a lot in the industrial visit particularly to see the adhesion of plies, cutting of plies according to their desirable size.

Md. Nasser
B.Pharm

Need such kind of Industrial visits which will reduce the gap between the curriculum and reality. Thank you GNI for organizing this industrial visit.

GNITC learns more on packaging

An industrial exposure provides a lifelong learning experience and increases the practical skills of the students. Guru Nanak Institutions, Ibrahimpatnam arranged an industrial visit for its IV - I and M Pharm (Pharmaceutical Analysis and Quality Assurance) students of School of Pharmacy - GNITC at Suryavathi Packaging Industries, located at Jeedimetla, Hyderabad recently.

They were accompanied by Himanshu Bhawan Samal and Dhiraj Kumar - the teaching staff. The idea behind visiting a packaging industry was to make students aware about secondary packaging, different evaluation tests for packaging materials such as thickness, GSM, bursting factor, bursting strength etc.

S Pallavi, a B Pharm stu-

Students being guided during their visit to Suryavathi Packaging Industries

dent, said, "We enjoyed to see the admission of plies, cutting of plies according to

their desirable size."

Md Nasser, student said that such industrial visits

which will reduce the gap between the curriculum and reality.

S Mukesh, a M Pharm student, says "Evaluation of Packaging materials is a part of MPAT syllabus as per INTUH Curriculum. Practically viewing the equipments for evaluation of secondary packaging such as GSM, Bursting Factor and strength is advisable.

Meanwhile, Guru Nanak Institutions, Ibrahimpatnam, entered into agreements with over seven International Universities where the Gnitians can pursue their undergraduate, masters and even Ph.D. Dennis J. Souver and Dr Gary R. Professors from Southern Illinois University Edwardsville (SIUE) were present at the college campus from September, 23-25 to give students information on admission procedure and details regarding the foreign universities.

Industrial Visit to Prathista Industries Ltd. On 17-08-2013

III-I B.Pharmacy students of Guru Nanak Institute of Pharmacy went on an industrial visit to Prathista Industries Limited, an ISO 9001, 14001 & OHSAS 18001 certified company, located at choutuppal, Nalgonda district of Andhra Pradesh. Faculty members of pharmacy department Mr. Srikanth Merugu & Mrs. Sravanthi Reddy accompanied the students. Prathista industries Ltd. is one of the reputed company in Asia to produce bio fertilizers (organic fertilizers) using a wide variety of micro organisms (lacto bacillus, Asperizillus etc.). The purpose behind this industrial visit was to make students exposed to the industrial culture. This includes grasping the knowledge of large scale production, cultivation and preservation of microbes; their utilization for the production of products that benefits mankind. Students analyzed the instruments that are used in the large scale production of raw materials; products etc. Students felt very enthusiastic after this knowledgeable industrial visit and shared their feedback as follows:-

A L S S N Vigjna

A great study exposure and a wonderful journey linking the theory and practical. Need such kind of visits which will reduce the gap between the curriculum and reality.

Siragoni Prasad

We enjoyed a lot during this industrial visit. Visual look of microorganism, their potential use to benefit all, isolation and utilization was a an excellent real life experience and a great study.
